H.R. 4907

Jamestown 400th Commemoration Commission Act of 2000

As cleared by the Congress on December 15, 2000

H.R. 4907 would establish the Jamestown 400th Commemoration Commission. The 16-member commission would plan and execute programs to commemorate the 400th anniversary of the founding of Jamestown, Virginia. For this purpose, the commission would be authorized to accept and spend private donations. CBO estimates that any revenues from contributions and subsequent direct spending would be less than \$500,000 annually and would offset each other over the life of the commission.

The staff contact for this estimate is Deborah Reis. The estimate was approved by Peter H. Fontaine, Deputy Assistant Director for Budget Analysis.
